On behalf of the Health Ministries of the Progressive National Baptist Convention, Inc.

I greet you with the love of Jesus Christ. It is an honor and a privilege to serve as the Vice President at Large. I stand on the shoulders of the five former VPs, who are still active members of our department and Convention.

We embraced Rev. Dr. Timothy Stewart theme: In the Pursuit of Wholeness: Maximization of Our Potential for Health and Wellness Beyond COVID-19.

The role of our health and faith leaders during this epidemic is to guide our people to truths that will build trust in an atmosphere of uncertainty and misinformation about the vaccine. Vaccine acceptance vs hesitancy become a way to bridge the inequity of the past with the equity of the future.

Our department is excited about our program for the Annual Session, our focus "THE EFFECT of COVID-19 on the AFRICIAN AMERICAN COMMUNITY and IT's RESPONSE. "Join us August 03 and 04 at 1:00 pm during our departmental meetings to hear how we can best serve our community.

During the 60th Anniversary Celebration there will be a video highlighting the four former VP and the present VP sharing the historical significance of the health ministries.

The Health Ministries Department will financially support our beloved Convention. The leadership will contact each region and solicit their financial support.

We extend invitation to persons who have a "HEART" for health to come and join us.

Thank you for the opportunity to serve our great Convention.

Be Blessed,

Joyce Murrell

Joyce Murrell,
